OF THE ALASKA NATIVE CLAIM SETTLEMENT ACT**

I, \_\_\_\_\_, having attained or exceeded the age of eighteen(18) years of age and being of sound mind, execute this **Stock Will** for the purpose of transferring my shares of **Natives of Kodiak, Incorporated** stock. I hereby revoke any prior testamentary disposition of Natives of Kodiak, Incorporated shares of stock made by me. As my last will and testament concerning my shares of Natives of Kodiak, Incorporated, upon my death I give and devise my shares of stock in Natives of Kodiak, Incorporated, together with all appurtenant rights, title and interest, to the following person(s):

<u>Name/Relationship/Social Sec. #/Telephone #/Mailing Address/DOB</u>	<u># of Shares Devised</u>
1. _____ _____	_____
2. _____ _____	_____
3. _____ _____	_____
4. _____ _____	_____

This last will and testament shall be void if my shares become alienable and may be changed from time to time or revoked. This last will and testament is intended to affect only my shares in Natives of Kodiak stock and is not intended to revoke any effective provisions of previous wills with respect to other property. Any of my shares not provided for by this last will and testament shall pass by will or intestate succession, as may be appropriate. If this last will and testament purports to devise more shares than I own, the number of shares devised shall be reduced pro rata (but without dividing any share into a fraction of a share) so that all my shares are disposed of. The first person listed in this document will receive any excess necessary to avoid dividing shares into fractions of shares. If all or any portion of the shares devised by this last will and testament are subjected to any stock dividend, split-up, re-capitalization, reorganization, merger, or liquidation, as a result of which shares are issued in respect of outstanding shares devised by this last will and testament or such shares are changed into the same or a different number of shares of the same of another class or classes, my devisees shall receive the number and class(es) of whole shares which are most closely attributable to the shares set forth opposite their names.
